Sub: Mechanism to monitor the units for the purpose of recovery - Reconstitution of Default Review Committees

In order to ensure effective follow-up and to facilitate decisions about the line of action, the system of review by the Default Review Committees (DRCs) is prescribed in PG (at point No.1.58 of Chapter FR-1). Lateron, the system was reviewed and to have more effective and result-oriented approach, it was decided to define the role, scope and responsibility/accountability of DRCs so as to have a focused attention on recovery of Corporation dues, NPA management, close follow-up and regular monitoring of assisted units thereby enabling the Corporation in maintaining assets quality by prevention of slippages and up-gradation of NPAs. The jurisdiction of DRCs was also revised vide circular No.FR-687 dated 02.04.2012. and circular No.FR-697 dated 07.09.2012

The matter was again reviewed in SOM and observed that there is overlapping in jurisdiction of DRCs which needs to be reduced in numbers. Accordingly the matter was placed before PC&CC in its meeting held on 17.07.14 and it was decided that now DRC may be held at two levels only i.e. DGM and GM levels. It was also decided that to review the litigation cases, a review committee may also be constituted at the level of DGM (Ops). Accordingly the constitution of committees is as follows:
