| 3/6 | **M/s. Rochees Impex Pvt. Ltd., VKIA, Jaipur.** | Shri Ishwardas Moolrajani, main promoter director, attended the Meeting. During the course of discussions, Shri Moolrajani requested to consider term loan to the extent of 60% of the value of the primary security as well as additional security of three different properties (mentioned in the Key Note).

The committee observed that the three properties referred are in the name of individuals and not in company’s name. Therefore, the request of Shri Moolrajani could not be considered, according to the norms of the Corporation under the Scheme.

However, after detailed discussions, the case was cleared for appraisal for a further term loan not exceeding Rs. 61.00 lac (considering 60% of the value of the primary, for which CMD has been authorised by the Board in its 484th Meeting held on 29.12.2005), to company under FAAS on the usual terms and conditions including the following:

M/s. Smt. Parwati Devi, Proprietress of the company and her sons (namely Shri Rakesh Kedia & Shri Mukesh Kedia), attended the Meeting.

During the course of discussions, it has been observed that the value of the security is about four times (on DLC rate) of the loan applied. Further, it is observed by the Committee that a reschedulement was made recently within LDR in the case of the sister concern namely M/s. Kedia & Co. And as such the norms of the Scheme do not permit such cases. However, looking to the RBI guidelines with regard to CRE Sector where even after reschedulement, such cases are categorised as “Standard” so the case was taken up for further consideration after relaxation.

However, CMD may consider the MRV of the property upto 125% of DLC rate depending upon the location of the property.

c) The matter regarding reduction in maximum loan amount for sanction under the Scheme from Rs. 10.00 Crores to Rs. 5.00 Crores was also discussed.

After discussions, the committee was of the view that in the present scenario, it will not be prudent to reduce it. Because the recovery position under the scheme is satisfactory & market sentiments are also positive, therefore, the existing ceiling may continue.

7/22 Reschedulement of loans (F&R Section) An Agenda was earlier discussed in the preceding PC&CC held on 20.05.2009, wherein it was also decided to charge processing fee @ 0.2% of the existing o/s loan amount, in cases where ROI is not being revised upwardly. But entrepreneurs have requested to
review for charging such a high fee.

Therefore, the matter was again discussed and looking to the fact, the committee decided to charge the processing fee @ 0.1% instead of 0.2%, in aforesaid cases. All other terms & conditions shall remain same.

A circular in this regard is to be issued by F&R Section.

The Meeting then concluded with a vote of thanks to the Chair.

M/s. Mighty Developers India Ltd., Shahjanpur, (BO Neemrana)

Sh. Rakesh Bobal, key promoter of the company attended the meeting. He informed that he is a major shareholder (43%) of the Company and a promoter but due to applicability of Section 220 (1) of Companies Act he has not opted for directorship of the company. His brother Sh. Rajesh Bobal and two other persons are presently directors in the company. Sh. Rakesh Bobal further informed that he is ready to stand as guarantor for the proposed loan. After discussion, the committee cleared the case in principle for appraisal for term loan not exceeding Rs. 700.00 lacs for establishing a hotel project at Shahjanpur, Distt. Alwar on the usual terms and conditions including the following:
a) Rate of interest shall be the prevailing rate of interest of the Corporation on the first disbursement of loan including token disbursement. Presently, the rate of interest is 14.00% p.a. The interest shall be compounded quarterly and also in case of delay in repayment the liquidated damages as applicable from time to time (presently @ 3% p.a.) on the amount in default for the period of default shall be applicable. The unit will also be eligible for rebate for timely payment as per the prevailing policy of the Corporation from time to time. The documented rate of interest shall be resent after every 12 months during the currency of loan from the date of first disbursement and the Corporation shall charge rate of interest prevailing at that time or existing rate of interest which ever is higher.

b) The term loan shall be repaid in 5 years in quarterly instalments excluding the moratorium period not exceeding 12 months.

c) Sh. Rakesh Bobal, the major shareholder of the company shall stand as a guarantor for repayment of term loan and interest thereon.
d) Building construction rates which are being finalized by Technical Cell for hotel cases shall be considered for the case.

e) A letter to SIDBI is to be sent for approval as the loan amount exceeds Rs.500.00 lacs. However, sanction, execution of loan documents and disbursement of loan shall not be stopped for want of approval of SIDBI.

Ms. Sheereen Choudhary one of the director of the company attended the meeting. The case was discussed in detail and committee noted that:

i) The company has availed term loan of Rs. 320.00 lacs from SBBJ, Jaipur. Besides this the bank has also sanctioned Funded Interest Term Loan (FITL) of Rs. 36.00 lacs and total present outstanding reported by the bank is Rs. 356.00 lacs including FITL of Rs. 36.00 lacs. Though the bank has reported that at present the account is standard and regular as on date in their books however it is a fact that the bank has sanctioned FITL of Rs. 36.00 lacs as the party was not in a position to pay the interest to the bank. Besides this, the original term loan of Rs. 320.00 lacs sanctioned vide letter dated 23-10-2007 was also rescheduled vide bank’s
letter dated 22-1-2009 which indicates that party was not in a position to pay installments as per the original schedule of repayment.

ii) It was also noticed by the committee that one of the directors of the company Capt. Mohd. Shamsher Khan has also taken a OD (Mortgage Loan) of Rs. 10.00 lacs from SBBJ, Treasury Branch, Tonk and the bank has reported interest overdue of Rs. 15000/- in the account. This fact of availing loan from SBBJ, Tonk was not disclosed by Capt. Mohd. Shamsher Khan in the application form as well as affidavit submitted by him.

iii) It was also noted that the Corporation had earlier granted two loans to its sister concern namely M/s. Swadeshi Offset, Udaipur amounting to Rs. 7.00 lacs and 3.73 lacs on 31-8-96 and 24-2-97 respectively. As per the BO, Udaipur report in both the above accounts re-schedulement was granted to the unit on 30-9-2002 by extension of original LDR by 3 years. It indicates that the party could not pay small loan in time.

In view of above facts and the past behaviour of the promoter director, the committee was of the view that the case is not
eligible for financing under FAA Scheme as per the eligibility criteria (d) is as under:

"Prima-facie there should not be any adverse reporting against the borrower by any FI/Banks in the past and their dealing with the bank /FI's need to be satisfactory, if any financial assistance availed".

iv) The committee also noted that the company wants to switch over existing loan of Rs. 356.00 lacs from SBBJ, S. C. Road, Jaipur to the Corporation under FAA Scheme. The rate of interest on SBBJ loan is 12.5% p.a. whereas the rate of interest on Corporation loan will be 17.00% p.a. The director of the company could not give any convincing reason for switch over of loan from lower rate to higher rate of interest.

v) It was also noted that the Branch has calculated MRV of the land by taking DLC @ 1250/- per sq. ft. for the entire land measuring 130900 sq. ft. The committee was of the view that for such a large piece of land same DLC rate cannot be considered and for the interior location, the rate will be much lower. It was also noted that the MRV of the property was assessed to Rs. 502.25 lacs only by the

Thereafter, the amount of remaining proposed term loan will be disbursed in at least three instalments; 50%, 25% & 25%. Disbursement of 2nd & 3rd installment shall be made only after obtaining the utilization of earlier disbursed loan.

g) A letter Dated : 21.08.2009 received from Smt. Renu Goel with regard to dispute with Company was also discussed. The Committee observed that we should not give cognizance to such type of letters because these are issues between the builder & the party.

The case was considered under FAA Scheme, on the request of the Directors of the company and to assist him to implement the project faster and ultimately to recover the existing loan of the Corporation. Non assistance may cripple the project and to that extent makes the existing investment infructuous and also therefore, hamper the recovery of the existing dues. The Corporation will also be benefited by providing loan at higher rate of interest. The BM will ensure timely recovery of loans.

It may also be got cleared from the MWC whether they will charge any amount for this purpose.

Shri Deepak Gaur, representative of the concern, attended the Meeting.

The Committee observed that the re-schedulement has been done in one of the sister concern namely M/s. Pranay Infrabuild Pvt. Ltd. and LDR has been extended for two years. The reason for the same reported by the representative due to recession in the property market and the revised policy of the Corporation by which repayment period under the Scheme was extended from 3½ year to 5 years. However, since in the case LDR was extended by two years therefore, after discussions with the representative it was decided to reduce the extension in LDR by 1½ years instead of two years. Thus the total repayment period in the case is five years. Therefore, after detailed discussions, the case was cleared in principle for a term loan not exceeding Rs.473.00 lacs under FAA Scheme for construction of a Residential Complex at Khasra No. 291 min 2, 509/291, Riddhi Siddhi Nagar, N H 12, Bundi Road, Village Kunhadi, Distt. m) The society shall furnish personal guarantee of Shri Jitendra Singh and Shri Sohan Lal Shihag who are office bearer / member of Rajasthan Dental College and Hospital Jaipur for the repayment of proposed loan alongwith interest and other charges.

The committee considered to include the area of Tasol Road Industrial Belt at a stretch of about 3 kms. from Village – Passoond, N H 8 to Village Tasol for financing under FAAS and SARAL Scheme as recommended by BO, Rajsamand subject to the condition that the MRV of the land is to be considered on the basis of DLC rate Rs. 55/- per sq. ft.

The Committee approved the proposal as contained in the Note with the additional condition that party to deposit 80% of the sale proceeds or MRV of the plot to be sold, whichever is higher and the company to clear the entire outstanding by way of sale of the plot within six months.

After discussions the committee recommended for sanction of a term loan of Rs.50.00 lacs Under Saral Scheme for SME Sector of the Corporation for manufacturing of stone cutting & polishing at Industrial Area, Makhupura, Ajmer, on the terms & conditions as mentioned in the loan proposal.
M/s. Royal Modern Builders (P) Ltd., Kota

Shri Mahesh Sharma, Director of the company attended the meeting. The Committee observed that the promoter had purchased two sick units in auction from the corporation on deferred loan in the name of M/s. Royal Modern Builders P Ltd. and M/s. Opera Hospital Medical and Research Centre P Ltd., Kota. The loan account of M/s. Royal Modern Builders P Ltd. has been repaid before the LDR though the account remained irregular. But in the case of M/s. Opera Hospital Medical and Research Centre P Ltd., Kota the repayment behaviour is not satisfactory and the account is classified as doubtful category. Further more the Corporation has recently rescheduled loan account by extending LDR for 5 years i.e. upto 2015. After reschedulement there is an overdue of Rs. 8.18 lacs as on 01.09.2009 but the BO has intimated that they have received Rs.4.60 lacs against the overdues sum and cheque for the balance overdue amount is under realization.

As per the prevailing guidelines the company is not eligible for financing under FAA Scheme but it is worth noticing that the repayment volume of the applicant has been quite good. Over the years he has repaid Rs. 423.60 lacs as against initial outstanding of Rs. 180.00 lacs. As such it can be felt that the intention of the party are not bad. The Director explained that despite problems between directors on account of family disputes he has repaid Rs. 423.60 lacs in the
loan account of M/s. Opera Hospital Medical and Research Centre P Ltd., Kota from his personal saving bank account. The committee explored the possibility for obtaining collateral security. The promoter informed that the value of the property being mortgaged itself is sufficient to secure the proposed loan. However he has agreed to provide the corporate guarantee of M/s. Opera Builders Ltd.

After discussions, the committee cleared the case in principle for detailed appraisal for a term loan not exceeding Rs. 307.00 lacs under Scheme for Financing Against Assets for setting up Off Set Printing Machine on usual terms & conditions including the following :-

a) The Corporation shall charge rate of interest as prevailing at the time of 1st disbursement of loan. Presently, the rate of interest is @ 17.00 % pa payable in quarterly instalments.

The documented rate of interest shall be reset after three years from the date of first disbursement and the Corporation shall charge rate of interest prevailing at that time or existing rate of interest which ever is higher.

The unit will not be eligible for rebate for timely payment as per the prevailing policy of the Corporation.
b) The repayment period shall be five years including moratorium period not exceeding six months.

c) The company shall submit a detailed project report.

d) All Directors of the company shall furnish their personal guarantee for the security of loan alongwith interest and other charges.

e) M/s. Opera Builders Ltd., Kota shall furnish the inter corporate guarantee for the security of loan alongwith interest and other charges.

f) The company shall furnish B/S and P&L A/c of M/s. Eklavya Academic P Ltd., Kota for last three years.

g) The company shall clear all the overdues of sister concern M/s. Opera Hospital Medical and Research Centre P Ltd., Kota as per reschedulement granted by the Corporation and shall also furnish PDCs as per the reschedulement.

h) The facts of the case alongwith Board guidelines on printing cases and FAAS cases may be placed before ensuing EC for confirmation of the decision taken by the PC&CC. Thereafter, the case may be further processed.

Note reg. M/s. Ritesh Stone Crusher,

The case was discussed in detail. Looking to the genuine problem of the promoter in transfer of mining.
lease in the name of the concern, the Committee after discussions, recommended to consider the term loan on the following terms & conditions, in lieu of conditions decided in the PC&CC in its meeting held on 23.09.2009:-

a) The loan would also be considered against building in addition to P&M and MFA.

b) The firm shall mortgage the mining lease within 3 months duly transferred in the name of the firm.

c) Initially loan upto 50% against the P&M and MFA shall be released after valuation of assets at site and remaining loan shall be released only after mortgaging the mining lease in the name of the firm with the Corporation.

d) The concern shall provide collateral security of mortgageable and marketable properties situated in urban area having realisable value not less than the term loan amount.

e) Personal guarantee of all the partners shall be taken.

All other conditions shall remain unchanged.

20/10 Note reg. M/s. Cirrus Chemicals (P) Ltd., Alwar

A detailed note regarding the antecedents verified by BO, Alwar and Delhi SO in respect of directors of the company i.e. M/s. Devendra Kr. Sisodia and Shri
Mukesh Kumar Mittal respectively, were considered and the committee observed that although the antecedents of both the above directors are not satisfactory in respect of their net worth, but otherwise nothing adverse has been reported by Alwar Branch Office and Delhi Sub Office. Moreover the loan is adequately secured by the immovable assets of the company and corporate guarantee of M/s. Lord Chloro Alkalies Ltd. Therefore, somewhat low net worth of the Directors (who are only professionals) may not be read against them and Delhi SO may be advised to verify the antecedents of the third director i.e. Ms. Poonam Bisht, as per the norms and thereafter the matter will stand cleared.

b) As requested by the company, the repayment period shall be five years.

d) The committee decided that the MRV of land be considered on the basis of DLC rate instead of average of market and DLC; as the site is located roughly 1.5 KM away from the main road.

e) The BO shall verify utilization of earlier loan sanctioned in case of M/s. Unique Builders & Developers, Jaipur & obtain required certificate, if any, before execution of loan documents.

Note regarding M/s. Mansuri Builders Pvt. Ltd., Bhilwara

The committee noted the contents and agreed that the presentation of the case has been rather unfortunate & partial. Taking objection to the earlier unapproved project was erroneous. As the UIT itself had regularized that project, then for them to suggest about non-financing of it was uncalled for. The same party had completed that project and it did quite well too.
Also presently the promoters are enjoying very good reputation, as corroborated by the visiting team of Shri R. B. Jain and Shri Dinesh Achha.

The committee, therefore, decided to process the proposed term loan application. It was also emphasized that in future, when we give any negative points of the parties, then positive & bright points if any should also not be concealed or ignored.

However, in order to safeguard the interest of the Corporation, it was further decided to stipulate the following conditions:

a) The execution of loan document shall be made by DM (Law), BO, Bhilwara, after ensuring the receipt of all title documents in original, as advised by the Law Section (HO) thereafter the same shall be got confirmed from UIT, Bhilwara.

b) The documentation shall be made only after ensuring the demarcation (pathargadi) of all the four boundaries and the approach road as per the approved plan of UIT, Bhilwara.
The Meeting then concluded with a vote of thanks to the Chair.

After discussions the committee recommended to sanction a term loan of Rs.75.00 lacs Under Project Loan Scheme of the Corporation for construction of a hotel at Opp. Government Hospital, Bikaner Road, Nagaur on the terms & conditions as mentioned in the loan proposal. |
| 34/17 | Note reg. exposure in CRE sector in current FY. | Note regarding exposure in CRE Sector in the current financial year was discussed in detail. The overdue as well as outstanding position of CRE Sector vis a vis the total outstanding of the Corporation |
as mentioned in the note was viewed by the committee. It was informed to the committee that total exposure in CRE sector as on 31.12.2009 is Rs. 277.70 crores against which overdues are of Rs. 16.27 crores which works out to 5.85%. It was also informed that the major exposure in this sector lies in the jurisdiction of Jaipur (City) amounting to Rs. 185 crores as on 31.12.2009. List of defaulter units in CRE sector in the jurisdiction of BO, Jaipur (City) as on 19.02.2010 overdues of Rs. 6.81 crores was also discussed by the committee.

Against the sanction targets of Rs. 200.00 crores for CRE sector for FY 2009-10 Rs. 155.63 crores have already been sanctioned upto 20.2.2010 and cases of Rs. 29.50 crores are under process which have been cleared by PC&CC in principle. Loans already sanctioned and cleared by PC&CC upto 20.2.2010 under CRE sector have reached up to Rs. 185.13 crores against the total sanction targets of Rs. 200.00 crores.

Finance Section informed to the committee that the Corporation is lagging in disbursement targets this year and only Rs. 87.00 crores have been disbursed so far under CRE sector against the total disbursement under this segment amounting to Rs.195.00 crores during the preceding financial year which had the approval of Board.
Further, it was also appraised to the committee that in recent times, Finance Section has arranged the low cost funds from banks which has consequently made available a good spread to the Corporation on CRE Sector finance.

In view of heavy establishment expenditure, the Corporation may continue finance in this sector on the basis of individual merits of the case.

Therefore, the committee decided that a note may be placed in the ensuing Board meeting in this regard and ex post facto approval may be taken for adhering to the limit of Rs. 200.00 crores for CRE sector (disbursement) during the current financial year instead of restricting the sanctions upto Rs. 200.00 crores in this sector on the similar lines of preceding financial year.

After discussions, the Committee recommended for sanction of further term loan of Rs. 600.00 lac to the company for construction of Commercial complex, hotel and multiplex at Bhiwadi, District Alwar. on the terms and conditions as mentioned in the proposal. Further it was decided to place the loan proposal before the EC for consideration.

The request of the company for advancement of principal loan installments of existing term loan of Rs. 1000.00 lacs. was considered favourably in view of
delay in implementation of the Project and it was decided that the installments of existing term loan may also commence alongwith the proposed further term loan commencing from first day of March 2011 subject to the condition that Corporation shall charge prevailing rate of interest i.e. 14.75% p.a. (without timely payment rebate) w.e.f. from the date of deed of modification of the existing loan and the rate of interest shall be reset after every year during the currency of loan from the date of deed of modification. and Corporation shall charge the rate of interest prevailing at that time or existing rate of interest, whichever is higher.

The company shall execute the deed of modification for this purpose before execution of loan document of the proposed further term loan otherwise original repayment schedule of existing term loan of Rs. 1000.00 lacs. shall remain unchanged.
