

Startup Oasis is a Jaipur based incubation centre that is developing an ecosystem in Rajasthan to inspire and support students, aspiring entrepreneurs and start-ups to solve persistent problems, develop breakthrough innovations and create world class enterprises. Startup Oasis has been set-up at the joint initiative of RIICO (<http://www.riico.co.in/>), Rajasthan's premiere industrial promotion organization, and the Centre for Innovation, Incubation and Entrepreneurship (CIIE) (<http://www.ciieindia.org/>) at IIM Ahmedabad, India's leading incubation and entrepreneurship centre. RIICO and CIIE felt the need to tap into the pool of traditional Rajasthani entrepreneurship and use the joint expertise of RIICO and CIIE to channelize the entrepreneurial energies to foster creativity and innovations in order to solve some of the most obstinate problems of the state and the country.

Startup Oasis helps entrepreneurs and start-ups by

1. Giving **Pre Incubation & Incubation** to early age Startups.
2. **Mentoring** young and aspiring entrepreneurs
3. Helping start-ups in **Funding Raising**
4. Providing a **Coworking Space**, so that entrepreneurs can work with like minded people.
