5.	Chapter –V Action Plan	Action Plan For Export Promotion	18

CHAPTER – I

DISTRICT PROFILE

1.1 DISTRICT AT A GLANCE

Bharatpur district comprises of 11 sub division, 11 tehsil and 10 panchayat samities having population 2548462. It is recognized for kaelodev park and major mustard production.

Eastern gateway of Rajasthan Bharatpur founded by Maharaja Suraj Mal in 1733 A.D. The original district Bharatpur was bifurcated in to two district as district-Bharatpur and district Dholpur on 15th April 1982. With the execution of New district Dholpur the Bharatpur district was confined to its old Priestly state boundaries, 1664 ADC PM.

1.2 ADMINISTRATIVE SET-UP BHARATPUR DISTRICT

S.NO.	Sub division	Tehsil	Panchayat Samities	Gram Panchayat	Revenue Villages	Population
1-	Bharatpur	Bharatpur	Sewar	33	206	453015

Total	11	11	10	374	1586	2548462

Source :- Statistical Deptt. Bharatpur, 2019

POPULATION--As per above information provided by stastical department the total population of the district is 25,48,462

HUMAN RESOURCES

Human resources are described below

(AS PER 2011 CENSUS)

S.NO.	Occupation	Male	Female	Total	Percentage
1-	Cultivator	296941	204053	500994	46.8
2	Agricultural Laboures	101808	137086	238894	22.3

Source :- District :Plan, 2012 (Revenue Department)

WORKING FORCE AND OCCUPATIONAL PATTERN

The total working force in the district is estimated 1071154 persons representing 42.03% of the total population. The occupational pattern of working force as per 2011 census, is given in the following table.

WORKING FORCE AND OCCUPATIONAL PATTERN

(AS PER 2011 CENSUS)

S.NO.	Occupation	Male	Female	Total	Percentage
1-	Cultivator	296941	204053	500994	46.8
2	Agricultural Laboures	101808	137086	238894	22.3
3-	House Hold Industry	11587	13481	25068	2.3
4-	Other Services	236862	69336	306198	28.6
	Total			1071154	

Source :- District :Plan, 2012 (Revenue Department)

The occupational pattern of working force shows the importance of other service, such as trade, organize industry, Government / Private jobs in the economy of district

CHAPTER -II
INFRASTRUCTURE

2.1 ENERGY:

POWER RESOURCES

Structure facilities like power , transport communication, etc. plays a vital role in the promotion and development of the area. A brief account of such facilities available in Bharatpur district is given in the following paragraphs

RURAL ELECTIRICATION/GRID STATION - The district possesses 1534 out of which 1534 villages were electrified which stand at 100% of the total number of village. The Panchayat Samiti-wise progress in rural electrification up to March, 31,2018 has remained as given under :

PANCHAYAT SAMITIES PROGRESS IN RURAL

ELECTRIFICATION (available UPTO MARCH 31,2019)

S.NO.	Name of Panchayat	Total number Of village	Electrified village(Nos)	Percentage of Electrification
1-	Sewar	206	206	100.00
2-	Kumher	122	122	100.00
3-	Nadbai	124	124	100.00
4-	Deeg	119	119	100.00

AIRPORT CONNECTIVITY--In the district there is no airport connectivity.

2.3 WATER AND IRRIGATION RESOURCES

The availability of water resources in Bharatpur district can be analysed under the following.

- A. Major Rivers
- B. Ground Water Resources
- C. Various irrigation Projects
- D. Other irrigation resources

The important river of the district are Banaganga, Gambhir and Ruparel , are flowing only in rainy season. There are more than 170 embankment of various sizes and description. These Bands have a storage capacity about 8000 MC.Ft. potential irrigation are about 168000 acres.

The district is traversed by three Major rivers, some of which give it a surface of a water by jumping banks. The problem, therefore, overcome by sinking a large number of wells . As the ground water is available at a depth range of 20 mtr. to 30 mtr.

A few number of medium size irrigation project are also extending the irrigation facilities in the district, projects are:

(i) BHARATPUR FEEDER

This canal takes off from Agra canal and serve the Kaman tehsil of the district. The discharge capacity of the canal is 300 cusecs.

(ii) GURGAON CANAL

This is a joint irrigation projects of Haryana and Rajasthan. The purpose is to utilize the monsoon discharge of the Yamuna River the capacity of the canal 500 cusec. Among minor irrigation projects, Khurrampur Canal, Ballabhagrah Canal, Lalitamundia Canal, Lalpur Canal, Ramesh Swami Canal, Dharsoni Canal, etc. Presently the wells and tube wells are the mains source of irrigation in the district.

DRINKING WATER

There is continuous drinking water supply of Chambal to each household which is monitored and regulated by public health and engineering department of the district.

IRRIGATION FACILITIES

SOURCEWISE IRRIGATION FACILITIES IN THE BHARATPUR DISTRICT 2018-2019

(AREA IN HECTARES)

S.NO.	Source	Irrigated area	Percentage
1	Canal	1900	0.52
2	Tube and Others	361290	99.48
	Total	363190	100.00

Source : office of land record collectorate Bharatpur

During the year 2018-19 the irrigation facilities extended through diesel/ electrictrified pump sets has remained as give under :

2018-2019

A. pump sets(bore tube wells)

(i) diesel pumps set	2141120
(ii) electrified pumps sets	142908
Total	357028

B. pump sets (well based pump sets)

(i) Diesel pumps sets	2621
(ii) electrified pumps sets	1410
Total	4031

CHAPTER -III
INDUSTRIES PROFILE

3.1 EXISTING INDUSTRIAL AREAS :

Riico Industrial Area- There are 7 industrial area under RIICO at Bharatpur.

RIICO INDUSTRIAL AREA-(AS ON 31 MARCH, 2019)

S.NO.	Name of the Industrial Estate	Total area in acres	Number of plots Planned+disputed	Number of Plots Allotted	Number of Plots vacant plots		Rate per Sq.Mt. In Rupees
					Disputed plots	Clear vacant plots

7-	Bayana	53.74	130	130	0	0	1100

Source :- RIICO, Bharatpur

GOVERNMENT- There are 7 industrial areas described as above which are developed by RIICO .

PRIVATE ---There is no private industrial area in bharatpur district.

INDUSTRIAL AREA PLANNED-So far there is scarcity of industrial land and thus a new industrial land is required for upcoming industries for that efforts are in process by RIICO. They are planning to develop RIICO land at village khatoti by transferring the land of agriculture marketing board to RIICO.

LOCATION WHERE RIICO AREAS CAN BE DEVELOPED-At village khatoti 17.81 hectare land which is now possessed by agriculture marketing board for food park is to be surrendered to RIICO and the matter is under process at higher level from RIICO.

POSITION OF POWER SUPPLY -Power supply is adequate in industrial areas.

WATER AVAILAIBILITY-Water availaibility is sufficient in industrial areas.

CHAPTER – IV

EXPORT

4.1 MAJOR PRODUCTS EXPORTED FROM DISTRICT

- Honey

4.2 MAJOR COUNTRIES WHERE PRODUCTS EXPORTED

- U.A.E.
- U.S.A
- Canada
- Saudi Arab
- Morrocco
- Yemen

4.3 OTHER PRODUCTS/SECTORS POTENTIAL TO EXPORT IN FUTURE

- Stone Tiles
- Edible oil
- Readymade Garments
- Achar Murabba

4.4 EXISTING EXPORT UNITS OF BHARATPUR DISTRICT

Export Units of Bharatpur district is given below in table-

Export Units of Bharatpur District

Sr. No	Name of Unit & Address	E-mail Tel./ Fax Mobile No.	Item (S) Exported	Export Info.Year (2019-20) (Rs. In Lacs)	Country
1.	Brij honey udyog village- Tehra Lodha, Agra Road Rharatpur	vinit@brijhoney.in 9828523654	HONEY	5888	<ul style="list-style-type: none"> • U.A.E. • U.S.A • Canada • Saudi Arab • Morrocco • Yemen

4.5 ONE DISTRICT ONE PRODUCT (ODOP)-

Products from district Pali can be choose as ODOP-

- Honey
- Edible oil
- Achar Murabba of Bhusawar

CHAPTER – V

Action Plan For Export Promotion

Bharatpur District has huge potential in export of Agro-products such as mustard oils, honey, pickles, etc., and mines & minerals related products.

To harness Bharatpur's full export potential there is a need of the following actions:-

- 1- Proper marketing of the potential products.
- 2- Technological upgradation and Modernisation of MSME unit.
- 3- Formation of export oriented Industrial associations at district level.
- 4- Promotion of export oriented awareness by seminars, workshops, fairs and exhibitions.
- 5- Promotion of various export oriented Government schemes.
- 6- Focusing on 'One District One Product'.

Such actions along with active participation of industries may also help to encourage export of various Products from the district.
