CIRCULAR
(ARRC No. 173)

Immediately after take over of the assets, the Branch Manager should plan speedy disposal of the assets under possession. It has been observed that BOs are not sending the NITs after taking over possession of the assets of the units. Which is cause of concern and delay the recovery process of the Corporation.

It has been decided that NIT of the assets taken into possession should be sent by the BOs within seven days from the date of possession so that unit is included in auction programme for speedy disposal of the assets under possession and Corporation money could be recovered at earliest.

All concerned are advised to take a note of above for compliance.
